

*Fourth Annual*  
**Atlantic All-Bull**  
*Sale*

**SHORTHORNS and POLLED SHORTHORNS**

**WINCHESTER, VIRGINIA**

**Thursday, March 7, 1963**

Above is a typical Shorthorn bull . . . deep, thick, long loined with a great rear quarter and sound legs of heavy bone.

## **ATLANTIC ALL-BULL SALE**

**54 HEAD**

*Shorthorns & Polled Shorthorns*

**WINCHESTER, VIRGINIA**

**(FARMERS LIVESTOCK EXCHANGE SALE PAVILION)**

**MARCH 7, 1963**

# GENERAL INFORMATION

**TIME AND PLACE** — The sale will be held Thursday, March 7, at the Farmers Livestock Exchange, Winchester, Va. — located west on U. S. 50.

**GRADING** — Bulls will be weighed and graded Thursday morning beginning at 8 a.m.

**TERMS** — Terms of this sale are cash unless other arrangements have been made with the consignor from which you purchase and the sale manager is notified.

**GUARANTEE** — All cattle sell under the Standard Guarantee of The American Shorthorn Association, printed in the back of this catalog.

**REGISTRATION CERTIFICATES** — A Certificate of Registry and Transfer will be furnished with each lot sold.

**HEALTH** — All animals have been tested for Tuberculosis and Bang's Disease within 30 days of date of sale, except that no Bang's test is necessary for calfhood vaccinated animals under 24 months of age. All animals in the sale will comply with the Health Laws of the State of Virginia. A Health Paper will be furnished with each lot sold. A representative of the Virginia State Veterinarian's office will issue health charts for interstate shipment.

**ANNOUNCEMENTS** — All announcements made from the auction block on sale day will be considered final and will take precedence over the matter printed in this catalog.

**LIABILITY** — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, ringmen, or sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the sellers accept any liability for injuries that may occur. All persons attend this sale at their own risk.

**AUCTIONEER** — Stan Haworth, Warrenton, Virginia.

**SALE MANAGER** — Bill Stunkel, The Shorthorn World, 16 S. Locust Street, Aurora, Illinois.

**MAIL ORDERS** — Those unable to attend but desiring to buy can place their buying orders with the auctioneer, sale manager, or these representatives who will be in attendance . . . Ed Huff, Livestock Breeders' Journal, Warrenton, or C. D. "Pete" Swaffar, executive secretary, American Shorthorn Association, Omaha 7, Nebraska.

**PHONE** — Phone at the Farmers' Exchange is 662-7210.

**LUNCH** — Lunch is available at the sale pavilion.

Polled Shorthorn bulls like these have much to offer the commercial cattleman. Wouldn't a load of calves of this conformation and thickness be popular with feeders?

## SCHEDULE OF EVENTS

THURSDAY, MARCH 7

8:00 a. m.—Grading and Weighing of Bulls. Grading to be done by members of the Virginia Division of Markets.

11:00 a. m.—Selection of Champion and Reserve Champion Bulls from highest grading group.

12:00 Noon — Sale starts.

### SALE SPONSORED BY THE VIRGINIA SHORTHORN ASS'N

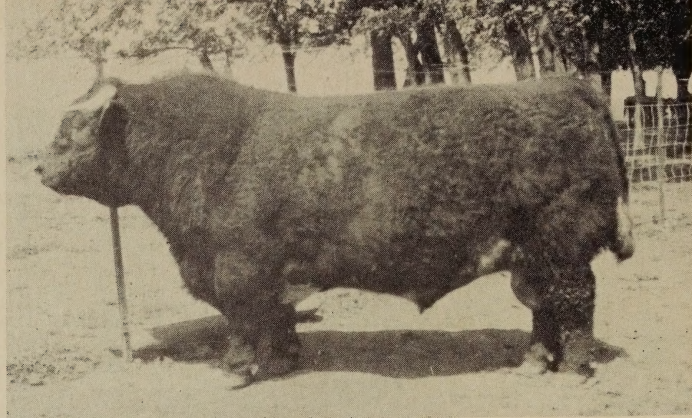

President: J. C. Eller, Culpeper, Va.

Vice President: Harvey Wilson, Lewisburg, W. Va.

Secretary-Treasurer: W. J. "Hank" Davis, The Plains, Va.

Hank Davis and Bill Davidson, Marshall, comprise the sale committee.

Sale Headquarters: GEORGE WASHINGTON HOTEL, Winchester, Va.

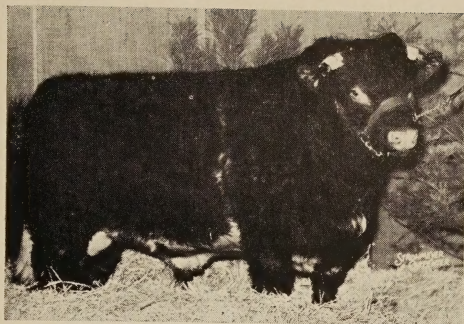

The great N-Bar Prince, an International champion, shown in his working clothes. Shorthorn bulls are the "most correct" in their makeup of all beef breeds. Put their money-making characteristics to work in your herd.

---

**WHY USE SHORTHORN BULLS ?**

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

**THE BOX SCORE**

Sire	No. Calves	Av. Weaning Weight	Total Pounds
Shorthorn .....	47	330 lbs.	15,510
Hereford .....	34	306 lbs.	10,404
Angus .....	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

**KINELLAR NAPOLEON . . .**  
 Top bull of the 1956 Perth  
 Sale and sire of a 1963 All-  
 American get-of-sire nomi-  
 nee. His progeny have won  
 numerous championships for  
 Acadia Farms. His blood is  
 a feature of the three bulls  
 being consigned to this sale  
 by Acadia.

Shorthorn bulls like these are taking the western range country by storm. Shorthorn breeders have not been able to produce enough bulls to meet the growing demand as commercial producers recognize that a "shot" of Shorthorn blood is a "shot" of extra profit in each calf crop.

ARROWSMITH MOUNTAINEER X — Thanks to inherent fleshing ability and his dam's excellent milk supply, Arrowsmith Mountaineer has been an easy gaining bull with a lot of weight and size for age right along. His three-fourths brother, Arrowsmith Trailblazer, was the top-selling Polled bull at the International in 1960.

**ABERFELDY ARMADA . . .**  
 Purchased for use in the Briardale herd of Mrs. Torrance Beardmore. Member of the winning pair of bulls and get of sire, 1961 Canadian National Exhibition. He is the sire of Lot 17.

First prize three bulls at the 1962 International for Reford Gardhouse's Aberfeldy Farms. The bull in the center is now in use in the J. C. Eller herd at Culpeper, Va. The Aberfeldy bulls in this sale are of the same quality.

**ABERFELDY DEFENDER** — A real breeder's bull backed by the richest of ancestry. Aberfeldy Armada purchased for use in the Briardale herd of Mrs. T. Beardmore. Member of winning pair of bulls and get-of-sire 1961 C.N.E. His full brother, Aberfeldy Control, was grand champion bull 1961 C.N.E. sold to Kathy and Bobby TenEyck, Oregon. Another full brother, Aberfeldy Welcome, has bred exceptionally well in the M-F herd, Milliken, Ontario. Drynie Broadhooks 32nd, graded A.A. and one of our most valuable brood cows. A son, Aberfeldy Vice Consul, graded A.A.A., was purchased and used successfully in the Ontario Agricultural College herd.

TIMBERLEE'S WONDER 2D — Is by a bull we have great confidence in, who is herd bull for Robert Raisbeck, Lancaster, Wis. Willow Lee Actor's first son was reserve champion for us at the 1962 All-American Congress at Springfield. PS Lavender Thyme 25's first calf was reserve champion Shorthorn steer at the 1961 International for Penn State. Her latest calf by Consort could be our top bull prospect for 1963 shows. Timberlee's Wonder 2nd is very rugged, has good length of rump, and is a good dark roan. He was recently named reserve champion at the 1963 Penn Farm show.

A good Pennsylvania state bred bull in one of the new and quality herds in Virginia. The officers of the Virginia Shorthorn Association and the Shenandoah Valley Shorthorn and Polled Shorthorn Association will be glad to help you locate foundation females should you want to get established in this fast growing industry.

A large group will be offered in the April 13 Shenandoah Valley Polled Shorthorn Sale at the Farmers' Exchange in Winchester.

**DEEP COVE NAPOLEON 13th** — This well-grown, low-set, dark red, coming two-year-old has both the personality and the pedigree to solve the most particular herd bull problem. His sire, Acadia Napoleon 15th, has seen highly successful service at both Acadia and Deep Cove since winning honors as grand champion of the Ohio State Show, Ohio State Fair and New York State Fair and reserve grand champion of the American Royal in 1959. His imported dam, Kinellar Lavender 32nd, is a top representative of the famed family that has produced three International reserve grand champions for Acadia in the past four years.

Shorthorn calves are eagerly sought by feedlot operators the nation over. They have experienced more net dollars with their Shorthorn bees because of the Shorthorn ability to finish out sooner and at heavier weights. Because of this popularity, the Shorthorn industry has been unable to supply existing demand . . . even though a record number of Shorthorn commercial calves were produced last year.

Raise Shorthorn calves. You have a "built in" market here at Winchester each Fall in the Winchester All-Short-horn Feeder Sale.

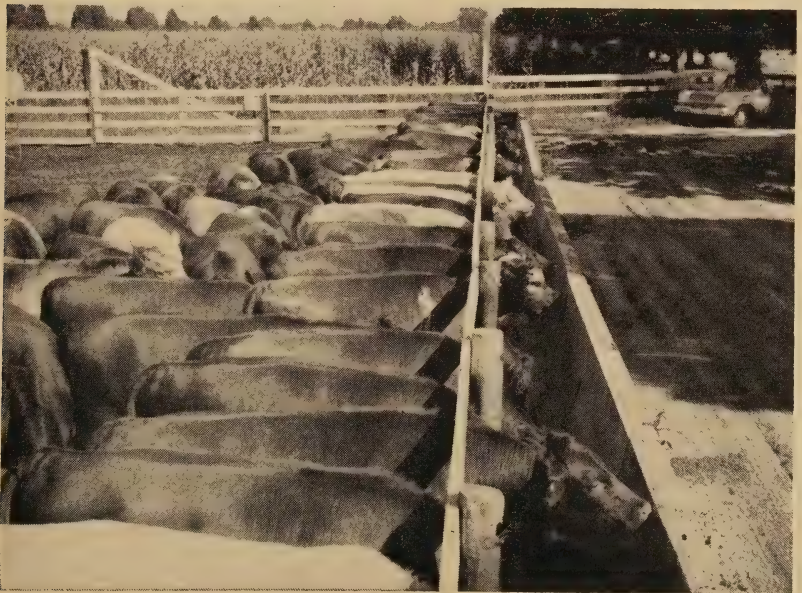

## Bulls Like These . . .

Long loined, deep quartered, docile, wide backed, ready and willing to work for you.

## Sire Steers Like These . . .

The steers below were purchased in the Winchester Short-horn Feeder Sale and were fed by J. McKenny Willis, Jr., Easton, Md. Here is a feeder who specializes in Shorthorns. He can tell you why it pays to feed Shorthorn steers.

## *Shorthorns Are Best!*

Shorthorns have topped the Kentucky Performance Tests for three years in a row. Shorthorns led Angus and Herefords in average daily gains, adjusted average daily gains, in type score, index value, and weight per day of age.

Shorthorns out-grossed all breeds in the 1961 Virginia Feeder Sales. Shorthorn steer and heifer calves averaged slightly more than \$130 a head as compared with \$121.52 for Herefords and \$126.39 for Angus. Shorthorn yearlings also outgrossed the other breeds in the 1961 sales.

DEEP COVE NAPOLEON 21st — Individuality and inheritance combine to make this coming two-year-old an ideal herd sire prospect for any breeder in North America. His sire, Deep Cove Napoleon 3rd, has been producing topnotch calves in the Cyrus Eaton herd in Nova Scotia since he won honors as junior champion at the 1959 Canadian Royal Winter Fair. His imported dam, Corrimony Madge 2nd., has raised a succession of outstanding calves, including the grand champion female of the 1957 Canadian Royal Winter Fair in Toronto.

Lynnwood Earl X, one of Carona Fascination's X best breeding sons.  
Lot 38 is sired by Lynnwood Earl X.

**SANGAMON VICTOR X** — A fast gainer and well balanced to sire those high grading calves. His dam is a good milker and top cow. His sire is one of the most outstanding sons of the great Carona Fascination x. Note the depth of Polled blood.

## Why We Like Shorthorn Bulls . . .

**Cleve Kerr, Kerr Ranch, El Paso, Texas.,  
states in a Record Stockman article . . .**

"Shorthorn bulls work the pasture better than Angus bulls. I believe we would only get a 70 per cent calf crop if we used black bulls. However, we will get an 85 to 90 per cent calf crop by using Shorthorn bulls. Shorthorns add size to our cattle and milking qualities to the cows so we are able to sell more beef from the ranch each fall."

**CALROSSIE  
FORWARD  
MARCH . . .**

The most potent  
sire ever used at  
Aberfeldy. Sons  
are heading  
many of the  
good herds in the  
U. S. and Canada.  
Lot 40 is a son.

This bull was shown at the Ohio fairs and he stood first and champion on many occasions. A sister to this calf sold for \$2,000 and a brother for \$2,350.

## Shorthorn Bulls Perform Well!

**Bob Rutledge, Donahue & Rutledge, Cheyenne, Wyo.,  
states his experiences with Shorthorns . . .**

"We used to run whitefaces until sunburned udders became such a problem that we switched to Angus bulls. We eventually switched to straight Angus and then ran into shy breeding problems . . . a short, uneven calf crop and a drawn out calving period. We then bought four Shorthorn bulls and turned them into our herd with eight Angus bulls. The Shorthorns sired over half that year's crop and we had a better weaning weight. We have since purchased more Shorthorn bulls and find a 50 to 75 lb. advantage in our weaning weight and a one to two cents per pound premium at sale time. We now have 70 per cent of our calves in the first three weeks of calving. The crossbred calves are more vigorous, are never bashful at eating, they have better carcass quality and better rate of gain."

**SCENI-BALE

**TIMBERLEE'S CONSORT 30TH X is a full brother to Timberlee's Consort 2d x, herd bull at Skirmish Hill Farm, West Chester, Pa. His dam was a 1,500 pound cow who was an outstanding producer for us by the good Oakwood Chief Topic x. This bull should do a de-horning job for someone, and is possessed with a great quarter. He is a dark red, and as is true of the Consorts, has great depth of body.**

# Why Crossbreed?

Cattle research at the Ft. Robinson, Neb., Experimental Station proves that crossbred calves have a five per cent greater growth rate and an eight per cent advantage in livability. Crossbred calves weaned 18 pounds heavier than straight breeds and reached puberty 58 days earlier.

## SHORTHORNS CROSS WELL WITH ANGUS . .

This Penn State Shorthorn-Angus crossbred (sired by a Shorthorn bull) was the interbreed grand champion steer at the 1960 Ohio State Fair. Midwestern feedlot operators like this cross.

## SHORTHORNS CROSS WELL WITH HEREFORDS . . .

This Indiana steer was interbreed grand champion at the 1958 San Antonio show. His daddy was a Polled Shorthorn. Note the depth of quarter and thickness on this steer.

# Why Crossbreed With Shorthorns?

Crossbreeding tests at the Louisiana State University show that Shorthorn crosses with both Angus and Herefords were superior to the Angus-Hereford cross in weaning weight, slaughter calf grade, rate of gain, weight-per-day of age, and carcass grade.

Tom Hawkins, at left center, and a pleased buyer look over part of 400 Shorthorn-Hereford crossbreds. These steers averaged 680 lbs. when weaned at 10 months of age and sold for \$163.20 a head.

Tom Hawkins, immediate past president of the American Shorthorn Association, runs 75 bulls a year in his large commercial operation in California which dates back to 1909. In 1950 they ran all whiteface bulls and by 1960 they had completely switched to Shorthorn bulls. During that time they increased their weaning weights by nearly 100 pounds per calf. Tom Hawkins credits this increase entirely to Shorthorn bulls. The Hawkins calves are eagerly sought by feeders. Mr. Hawkins states, "I am sure that our annual dividend per cow is well above that of our neighbors with other breeds."

# Standard Guarantee

## OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bang's Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
